Contractor's Representative Chuck McCormick, AWP-621.1

Address 15000 Aviation Boulevard, Lawndale, CA 90261 Phone 310-725-3626

Nature of Contract: *(Briefly describe the general terms of the contract)*

This grant will fund the installation of new perimeter fencing, emergency fire access road, and construct aircraft run-up areas. Currently, airport fencing does not completely surround the airport property. The new fence will enhance airport security and be aligned with the airport property line. Construction of an emergency fire access road will allow emergency vehicles and personnel to provide a quick response to aircraft incidents or accidents. The construction of aircraft run-up areas will enhance the traffic flow of aircraft on the taxiways improving operating efficiency for the airport by providing areas for aircraft to perform preflight checks without obstructing other aircraft.

This grant will provide for 90% of the initial project cost which is estimated at \$388,888. The County will be responsible for the remaining 10% of the cost. Additional funding may be available from the State of California Department of Transportation Division of Aeronautics in the amount of 5% of the total project cost, reducing the County participation to 5% or an estimated \$19,444.
